

# CraftCan Iso16 Canning Line

The CraftCan Iso16 offers innovative, isobaric filling designed with your craft and quality in mind. Counter pressure filling creates an environment for low carbonation loss, and therefore low D.O. levels. From soda, seltzer, and kombucha, to beer and ready-to-drink cocktails, the Iso16 is ready to work. This compact, easily adjustable canner can package a variety of can sizes and beverages of varying CO<sub>2</sub> and LN<sub>2</sub> levels. The Iso16 includes Norland's patented Servo Seamer, providing on-demand seam monitoring and precision filling that is second to none.

## Two-Head Counter Pressure Design

- CO<sub>2</sub> and Nitrogen pre-purge for reliable oxygen evacuation
- External CIP hookups with internal CIP sprayballs
- Fills beverages up to 4.0 volumes of CO<sub>2</sub>
- Transparent fill drum provides real-time view of product stability

## Easy Can Size Changeover

- Raise and lower the entire unit to quickly adjust to various can sizes

## PLC Touchscreen Operation

- Fully adjustable cycle times

**Fills up to 16 Cans Per Minute**

# CraftCan Iso16 Canning Line
